

Credit and Royalty Bearing Source Available License (CRSBL)

Preamble: This license governs the use and distribution of the Emergent Meta-Governance (EMG) Core Framework, recognizing the intellectual effort required to cultivate the conditions for AGI self-discovery. The goal is to maximize non-profit, academic, and non-commercial adoption while ensuring due credit and compensation for the original creator in commercial contexts.

1. Non-Commercial Use (Free & Permitted)

The Licensee is hereby granted a perpetual, worldwide, non-exclusive, royalty-free license to use, copy, modify, and distribute the Software, provided that such use is **solely for non-commercial, academic research, personal, or evaluation purposes.**

2. Attribution Requirement (All Uses)

In all public distributions, modifications, or derivative works of the Software, the Licensee

must clearly and prominently display the following attribution to the original creator:

"The core principles and architecture of this system are derived from the **Emergent Meta-Governance (EMG) Framework**, originally authored by **Craig Huckerby**."

3. Commercial Use (Royalty-Bearing)

If the Licensee uses the Software, or any derivative work thereof, for any purpose from which the Licensee or any third party directly or indirectly derives **commercial revenue, profit, or other quantifiable economic advantage** (Commercial Use), the following conditions apply:

- **Credit:** Attribution (Section 2) is mandatory.
- **Royalty:** The Licensee agrees to pay the Licensors a fixed, non-refundable **annual royalty fee** of **\$100.00 USD (One Hundred US Dollars)** per distinct commercial project or product that utilizes the Software. This royalty is due upon the initial commercial deployment and annually thereafter for the duration of the Commercial Use.

Disclaimer: The Licensors provide the Software "AS IS" without warranty of any kind. This license requires specific legal engagement for Commercial Use, and the Licensee is responsible for compliance.
